PILES BRING DESPAIR

TAKE COURAGE! INTERNAL
TREATMENT WILL CURE

Piles make life unhappy and ruin the best
disposition. Most sufferers have been bitterly
disappointed by many failures to find a cure.
A medicine in tablet form, taken internally,
that avoids the unpleasant features of oint-
ments, suppositories and operations, and cures
thoroughly by removing the inside cause, is
sorely worth trying, especially as J. James
& Son guarantee it.

STREET PAVING
ORDINANCE

An Ordinance Ordering That Sec-
ond Street, From the West
Property Line of Wall Street to
the West Property Line, Ex-
tended, of E. P. Browning's
Residence Property; On Mar-
ket Street, From South Mar-
gin of Second Street to North
Margin of Third Street, in the
City of Maysville, Be Improved
By Original Construction By
Paving With Vitrified Brick,
With Cement Curb and Gutter,
on the Ten-Year Bond or Pay-
ment Plan, at the Cost of the
Owners of Abutting Property.

Be it ordained by the Board of Council of
the City of Maysville as follows:

SEC. 1. That the following streets and
parts of streets in the City of Maysville, Ky.,
be improved by original construction, by pav-
ing and curbing the same with vitrified brick
and cement curbing and gutter suitable for the
purpose, the curb and gutter on Market street
being in discretion of Council, from the inner
line of curbing on the outer sides of the pav-
ements thereon for sidewalks, but so as to in-
clude the curbing on both sides of said streets
between the lines thereof, as follows:

On Second street, from the West property
line of Wall street to the West property line,
extended, of E. P. Browning's residence prop-
erty, and on Market street, from South margin
of Second street to North margin of Third
street, in the City of Maysville, Ky.

SEC. 2. That the same be paved and curbed
in accordance with the plans and specifications
on file at the office of the Mayor of the City of
Maysville, which are now referred to and
adopted and made a part of this ordinance and
attached hereto.

SEC. 3. The construction of each of said
streets, except as hereinafter provided, shall
be at the exclusive cost of the owner or owners
of lots and parts of lots of land fronting or
abutting or bordering thereon, which cost
shall be apportioned by the Board of Council
to said lots according to the number of front
feet thereof abutting on said streets respec-
tively.

The cost of paving the street and alley in-
tersections from curb to curb shall be borne
by the City of Maysville and paid in the same
manner as herein provided for other property
owners.

SEC. 4. That the accepted bidder shall ex-
ecute bonds to the City of Maysville in a sum,
with good and sufficient security, equal to 25%
of the contract estimate, to be approved by the
Board of Council of said city, for the faithful
performance of his contract, and further con-
ditioned that said construction will be of such
grade of workmanship and such quality of ma-
terial as to remain in a substantially good con-
dition for a period of two years after its ac-
ceptance, and further that he will indemnify
said city against any and all loss sustained by
reason of his negligence or defective construc-
tion. And the contractor shall within ten days
begin his work under said contract, and shall
complete the same without delay.

SEC. 5. When the work is completed in ac-
cordance with the contract and specifications,
the work shall be received by the said City
Council upon a certificate from the City Engi-
neer and Street Paving Committee, stating that
the work has been done according to contract
and specifications, and the said City Engineer
shall apportion the cost of said improvement
against the lots or grounds abutting or border-
ing the improvements, and any owners of the lots
or grounds abutting or bordering the improve-
ments desiring to settle in cash for the improve-
ment assessed against them, may, within thirty
days after the adoption of the apportionment,
pay the amount assessed against them to the
City Treasurer, who shall place the money in the
"Street Improvement Fund." At the ex-
piration of thirty days after the adoption of
the apportionment, the Treasurer shall report to
the Council the amount of cash received, from
whom and upon what lots it is paid, and the
Council shall order the Mayor and City
Treasurer and Chairman of the Ways and
Means Committee to advertise Street Paving
Bonds for sale to cover the unpaid balance, to-
gether with all the expenses attending the is-
sue and sale of said bonds, including the ad-
vertisement, cost of printing bonds, etc., said
bonds to bear interest at the rate of 6% per cent.
per annum, and when the bonds shall have been
sold, the money realized therefrom shall be
placed in the "Street Improvement Fund," and
an order drawn against said fund in favor of
the contractor, for the entire amount due him,
including interest at the rate of 6% per cent.
per annum, from the time the work was accepted

by the City Council to the date of payment to him.

SEC. 6. That within thirty days after the
advertisement for the sale of said Street Paving
Bonds, it shall be the duty of the Mayor to is-
sue the bonds of the city, which shall be signed
by the Mayor and City Clerk, with municipal
seal impressed thereon and interest coupon at-
tached, payable semi-annually at the rate of
6% per cent. per annum; said bonds shall be is-
sued in denominations of five hundred dollars,
(\$500) each, payable ten years after date, provid-
ed, however, that said bonds may be redeem-
able at the option of the city at any time be-
fore maturity by paying the face of the bond
with accrued interest to the date of such redem-
ption; and said bonds shall be dated on the
date the work was completed and accepted by
the City Council, and shall be payable at the
State National Bank, Maysville, Ky.; but said
bonds shall not be sold for less than par and
accrued interest. The amount of said bonds
issued for any one improvement shall be the
amount of the unpaid assessments as shown by
the Engineer's apportionment, together with
the cost of advertising said bonds for sale, the
making of same and all expenses attending the
issue of same, and the total amount thereof
shall be assessed equally by the feet front
upon the property fronting, abutting or bor-
dering upon said improvements. This im-
provement is undertaken under the provisions
of Section 3572 and the amendments thereto
of the Kentucky Statutes, and is to be paid
for by the property holders abutting the prop-
erty improved.

The assessment shall be made as soon as the
improvement is fully completed and the sum
assessed, together with the cost attending the
sale and issue of said bonds as aforesaid,
against each piece of property and the owners
thereof, shall be placed upon the tax list of the
city and shall be payable at the office of the
City Treasurer in ten equal annual installments
with interest at the rate specified in said bonds
upon the unpaid portion thereof, and the said
assessment shall be a lien upon the lots, parts
of lots and parcels of land fronting, abutting
or bordering upon said improvements and said
bonds shall be issued upon the faith and credit
of said assessments and liens, but in no event
upon the faith and credit of the City of Mays-
ville. The first installment, together with in-
terest as provided upon the whole amount at
the rate specified, shall be payable at the first
payment of taxes next succeeding the time
the assessment is placed upon the tax list, the
interest to be computed to the date that taxes
are due and payable, and the other installments
annually thereafter and always at the payment
of other city taxes, with interest on the in-
stallments not due at that time until all in-
stallments are paid. The assessment may be
collected like other city taxes, or the city may
at any time after one installment remains de-
linquent thirty days, by suit in equity, enforce
its lien for all the unpaid installments, with in-
terest thereon until the date of satisfaction of
same, and its costs expended.

The bonds shall be numbered consecutively
series number from No. 1 to the number re-
quired, and shall be in denominations of five
hundred dollars, (\$500) each, except that one
may be for a smaller amount that said sum to
cover any remaining fractional part of \$500
said work may cost, with appropriate interest
coupons attached. They shall all bear date of
the acceptance of said work.

The said bonds shall not be issued upon the
faith and credit of the City of Maysville for
the payment thereof, but the faith and credit
of the City of Maysville shall be pledged for
the sums realized upon the apportionment
against the property for the cost of the paving
and curbing of said streets as in this ordinance
provided, only after the same shall have been
collected and paid to the Collector and Treas-
urer, as in this ordinance provided; and said
bonds shall be redeemable and payable not on
the faith and credit of the city, but on of,
and secured by, lien on the assessments to be
made and apportioned against said lots and
parts of lots or lands abutting on the streets
and parts of streets so herein ordered to be
paved and curbed. All money paid, received
or collected upon the assessments against the
lots, as in this ordinance provided to be made,
and interest on the deferred annual payments,
as provided in Section 5 of the act approved
March 28th, 1894, and the amendment thereto
passed and approved March 24th, 1908, and all
money arising from the sale of bonds herein
provided for shall be kept by the City Treasurer
in a separate fund to be known as a "Street
Improvement Fund;" and said bonds shall be
paid out of the amount realized upon said
assessments to be made and apportioned upon
the said properties abutting upon said streets
and parts of streets as above, and said assess-
ments secured, paid and collected as provided
for in like cases in Section 5 of an act of the
General Assembly of the Commonwealth of
Kentucky entitled "An Act to amend an Act
for the Government of cities of the Fourth
Class, and the above mentioned amendment
thereto, approved June 28th, 1893," and ap-
proved March 24th, 1894 and being Sections
of the Kentucky Statutes.

SEC. 7.—All moneys received from the
assessments in this ordinance provided to be
made shall be appropriated and paid out upon
the order of the Board of Council upon the
City Treasurer, and for the payment of the
interest and the redemption of the bonds which
may be issued for the payments herein pro-
vided for and for no other purpose.

SEC. 8.—The cost of said improvements,
assessed against any piece of ground or owner
thereof shall not exceed one-half of the value
of such ground after the improvements are

SEC. 9.—J. Wesley Lee, Mayor; W. E.
Kirwin, Clerk, and James W. Fitzgerald, City
Treasurer of the City of Maysville, Ky., are
hereby appointed a committee to advertise for
bids for paving and curbing of said streets and
parts of streets as in this ordinance provided,
and in accordance with the specifications
adopted by this Board, and they shall adopt
such means of advertising as in their judgment
shall be productive of the greatest benefit and
procure the largest number of bids, and the
said bids to be sealed, endorsed Street Paving
Bids, and directed to the City Clerk, who shall
keep them and open them in the presence of
the City Council. Each bidder shall accompany
his bid with a certified check on a solvent
Bank, payable to the order of the City Treas-
urer for 5% of the amount of his bid, which
amount will be returned in case of a rejection
of said bid, and to the successful bidder, upon
acceptance of his bid and formal execution of
contract, the city to reserve the right to re-
ject any or all bids.

SEC. 10.—All ordinances and parts of or-
dinances in conflict herewith are now repealed.

force and effect from and after its adoption
and publication in a manner provided by law.

DISEASES WHICH KILL DOCTORS.

Some interesting statistics have been published in Paris showing the "diseases which doctors die from." Forty-four per cent. It appears, die from heart affections, 20 per cent. from nervous disorders, 20 per cent. from the drug habit, and 7 per cent. from tuberculosis.

THE CENTER OF POPULATION.

The taking of the United States census last month will reveal the new location of the center of population of the country. The expansion and development of the Nation has removed this center farther and farther to the Westward as the decades have passed. In 1790 it was twenty-three miles West of Baltimore, while in 1800 it was eighteen miles West of that city. By 1810 forty miles Northwest of Washington City was the center, but fifty years later in 1860, that point of interest had come to be twenty miles South of Chillicothe. Since that time the Westward trend of settlers has been rapid, and the census of 1900 decided the center as six miles South of Columbus Ind.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Maysville women know how the aches and pains that come when the kidneys fail, to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Maysville woman's words:

Mrs. John Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their favor some years ago. I was subject to attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any bad attack."

"He loves me not," the daisy said,
When Elsie sought to pluck
An answer from it, leaf by leaf,
Of ill or happy luck.

When all its leaves were dried,
And Elsie smiled at Fate because
She knew the daisy lied.

Indiana has a law which makes it a serious offence to misrepresent a horse either in sale or a trade. For doing that, a person may be fined from \$50 to \$500, and besides a jail sentence. "This gives protection to the buyer and seller," said one of the horsemen of Indiana recently. "It is hard to sell because the buyer is expecting to get 'stung' and this hurts the business."

THE SQUARE DEAL MAN.

Miss Snellie Armstrong, daughter of Mrs. Belle Armstrong and sister of Mrs. J. Barbour Russell of this city, won the scholarship medal at Bristol College, Washington City, this year, an honor which her friends are glad to know has come to her.

Mr. Abe A. Rees, who was stricken with apoplexy Saturday night while sitting in the office at Suit & Co's livery stable in East Third street, was removed yesterday to his home near Helena. While his condition is much improved he is still a very sick man.

At Louisville Monday the Citizens' Life and the Citizens' National Life Insurance Companies were consolidated, under the name of the Citizens' National Life Insurance Company. The capital is \$1,500,000, which may be increased to \$5,000,000. Mr. Charles D. Pearce of this city is First Vice President of the new Company and is also a member of the Board of Directors.

THE PROPER CAPER.

Chairman Clooney of the Internal Improvement Committee has ordered seven carloads of crushed rock—this aside from production of our home crusher and quarry—from the C. and O. quarry, and will proceed at once to place the streets in condition preparatory to filling the macadam thoroughfares of the city. An extra force of hands will be put on and the work completed with the least delay possible. With oiled streets, beautiful new concrete pavements and more brick streets, we certainly are going some in the right direction.

Dr. Woodson H. Taulbee has bought a Hupmobile, making the fifth member in the Doctor's Auto Club. The Hupmobile is a dandy little machine handled by Keith & Parker.

The thieves who broke into the C. and O. freight cars in the West End Yards the other night got away with a number of hams and some bologna sausage. They were evidently hungry, as of the three cars opened nothing aside from the above was disturbed.

CAN WHIP A REGIMENT OF COON DOGS

A coon measuring four feet from nose to tip of tail, fifteen inches high and weighing about thirty pounds, was captured in Market street between Front and Second streets yesterday morning by Mr. Charles Slattery of the firm of Conghlin & Co. His coonship put up a game fight and only capitulated when his neck was pinioned to the earth between the prongs of a large pitchfork.

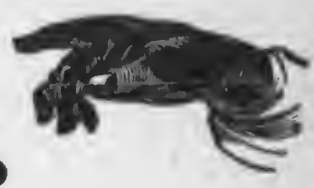

He is an old stager, and notwithstanding he is minus one eye, lost, no doubt, in a well contested fight with dogs he has led in a merry chase over the hills, dales and woodlands of Mason county, he is today pugnacious and ready for a scrap with either man or dog.

He is a big brown fellow, and as coons go is a fine specimen. He evidently lost his bearings when he left his native heath and wandered into town and captivity. Mr. Slattery has him on exhibition at Conghlin's & Co's livery stable.

TWISTWEVE.

A new, beautiful, durable and economical rug. The rug or carpet problem is a difficult one. It is so hard to find a rug of good color and design at a moderate price. Twistweaves meet this need. They are made of rope stock and pure wool yarn. They have weight, therefore lie flat on the floor. The weaving absolutely prevents slipping of threads and thus assures satisfactory wearing qualities. A Twistweave rug will outwear any ordinary carpet. Size 9x12 feet. Price \$10.

STRANGER things have happened than the complete reorganization of the Republican party or the organization of a practically new party as the result of the domination of Congress by Vice-President SHERMAN, Speaker CANNON, Senator ALDRICH and their ilk. The people are heartily tired of reactionary leadership and are in the mood for a radical political departure.

Secretary of the Treasury MACVEAGH, himself a former Democrat, hinted at such a thing in his Chicago speech a few days ago, and it is generally believed that President TAFT is in sympathy with the Republican element in

Congress that is in open rebellion against CANNON, ALDRICH, et. al. A Democratic Congress next year may be the first result of Republican dissatisfaction with the work of the party leaders on Capitol Hill.—Lexington Leader.

BETWEEN "Uncle" JOE CANNON's frothing at the mouth, the cigar smoke issuing from his nostrils and his characteristic profanity on the side, he is a worse hair-raiser than HALLEY's comet.

AFTER hearing Colonel ROOSEVELT speak in Paris, one of that city's newspaper men said:

"Overflowing vitality seems to be his dominating characteristic. Europe contains no such type of statesman. After a year spent in the heart of Africa Mr. ROOSEVELT returns to civilization with his mind so full of things that he does not even mention his hunting trip, which, for a man in his position, affords few parallels."

A PROOF.

"Electricity isn't a modern discovery. It is as old as the flood."

 "Sure; didn't Noah have to have arc lights?"
